Leopards, ancient cities and stilts

32 LITTLE KIDS BIG QUIZ!
Do you have all the answers?

34 TWO, FOUR, SIX, EIGHT!
Keep on counting

PLUS
stickers
and fact
cards!

National Geographic Little Kids magazine is designed to enhance your child's education, with activities to develop their skills in numeracy, literacy,

geography, science, communication, physical development, and personal, social and emotional development.

Why?

Why do you think cows moo?

Can you
moo like
a cow?

Cows have
accents! They
moo in different
ways in different
places.

Can you
think of any
accents?

Cows moo to talk to each other.
They moo when they are hungry. Mums
and babies also moo to find each other.

MAZE

Milk Maze

Start

Help this brown cow through the field to reach the tastiest grass.

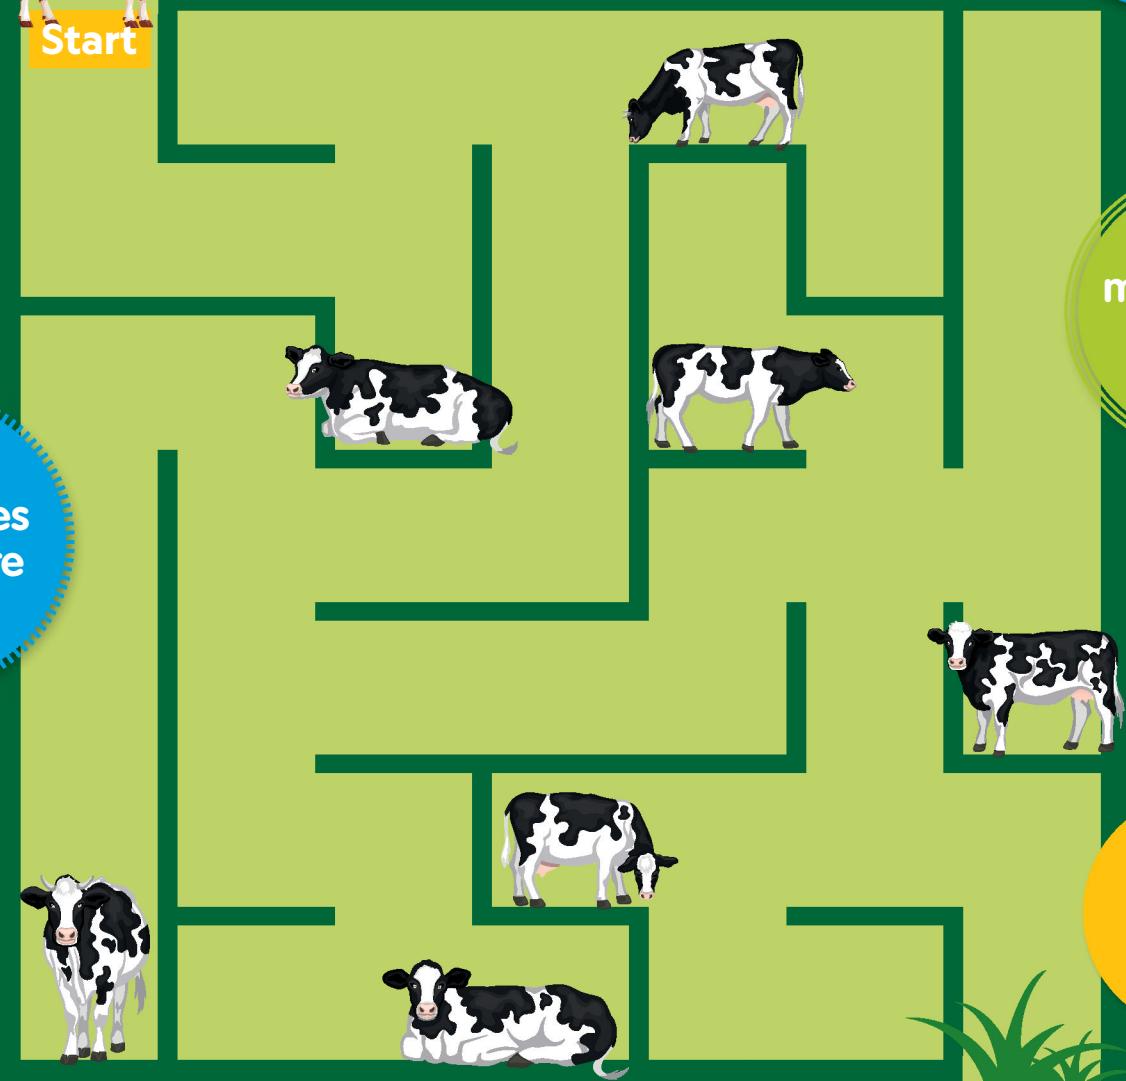

Sticker page

A cow's special stomach helps it turn grass into milk.

What other types of milk are there?

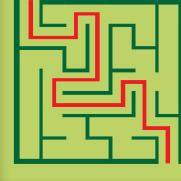

How many cows can you count?

A baby cow is called a calf.

Finish

All images © Adobe Stock

Answer: There are 8 cows.

Sticker activity

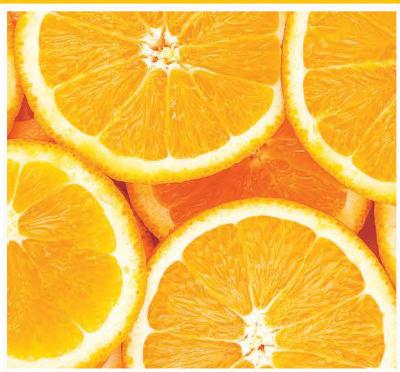

Use your stickers to fill these bottles with milk.

NAMING

Orange Foods

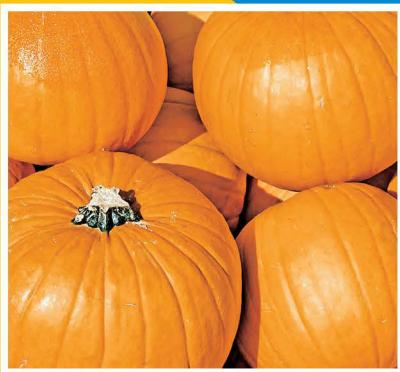

Can you name these foods? What letters are missing?

—ranges

—epper

—umpkins

—ango

—arrots

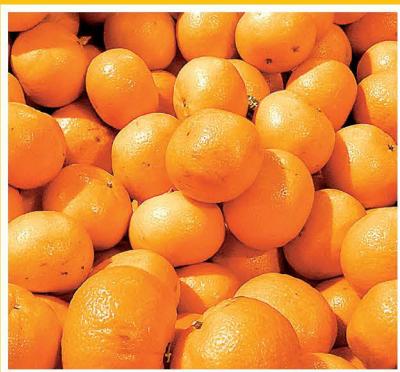

—weet potatoes

—pricots

—elon

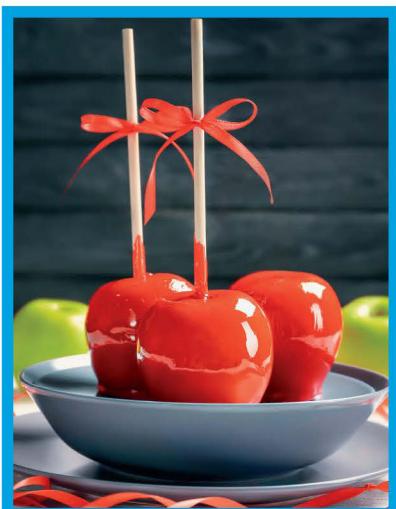

—angerines

Top row (left to right): © Len4ik / Shutterstock; © Topeller / Shutterstock; © An Nguyen / Shutterstock.
Middle row (left to right): © Adobe Stock; © Epicurean / Stockphoto; © Nitr / Shutterstock.
Bottom row (left to right): © Kesi / Shutterstock; © Maly Designer / Shutterstock.

Can you name some other things that are orange?

What is Different?

Look at each picture in the top row. Then find the differences between it and the one below.

Find one difference.

Find two differences.

Find three differences.

That's Cool!

Meet the okapi.

Say "oh-KAH-peee"

This stripy animal lives in the rainforests of central Africa.

Tongue

Its long tongue pulls leaves from branches.

Calf

A mum 'talks' to her calf with deep sounds other animals cannot hear.

What's the deepest sound you can make?

Seeing Stripes

Match these patterns with the creatures they belong to.

Stick the animals next to their stripes.

A

B

C

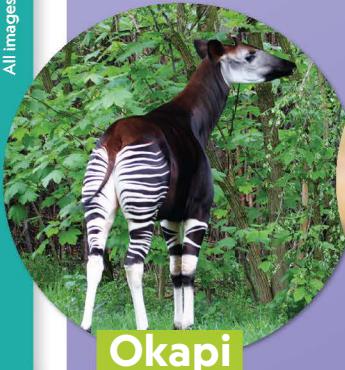

D

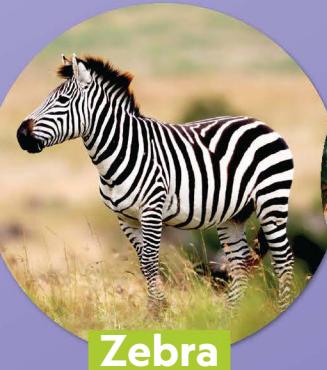

Can you think of any other stripy things?

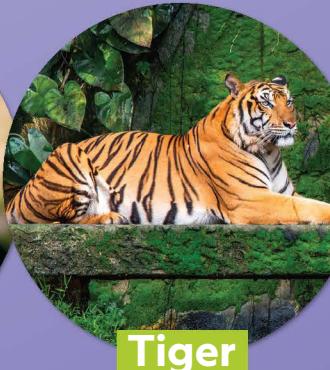

All images © Adobe Stock.

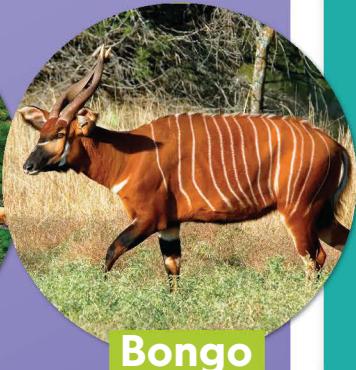

Okapi

Zebra

Tiger

Bongo

JUMPING SPIDERS!

The jumping spider
watches. It follows.
Then it leaps like
a tiger to catch
its food.

Male jumping
spiders dance
to impress
females.

How
many spider
shapes can you
count? Place a
sticker over
each one.

Sticker
activity

Move your hand like a spider. Walk with your fingers!

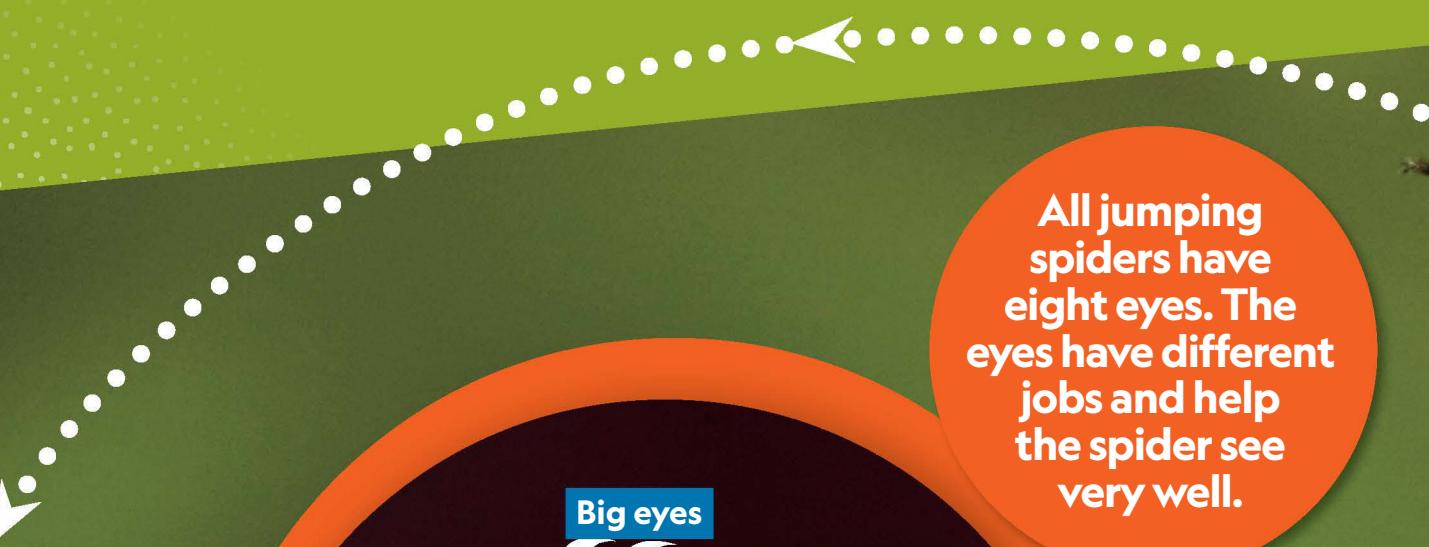

Jumping spiders live all over the world. They are different sizes and colours. Most are about the size of the nail on your little finger.

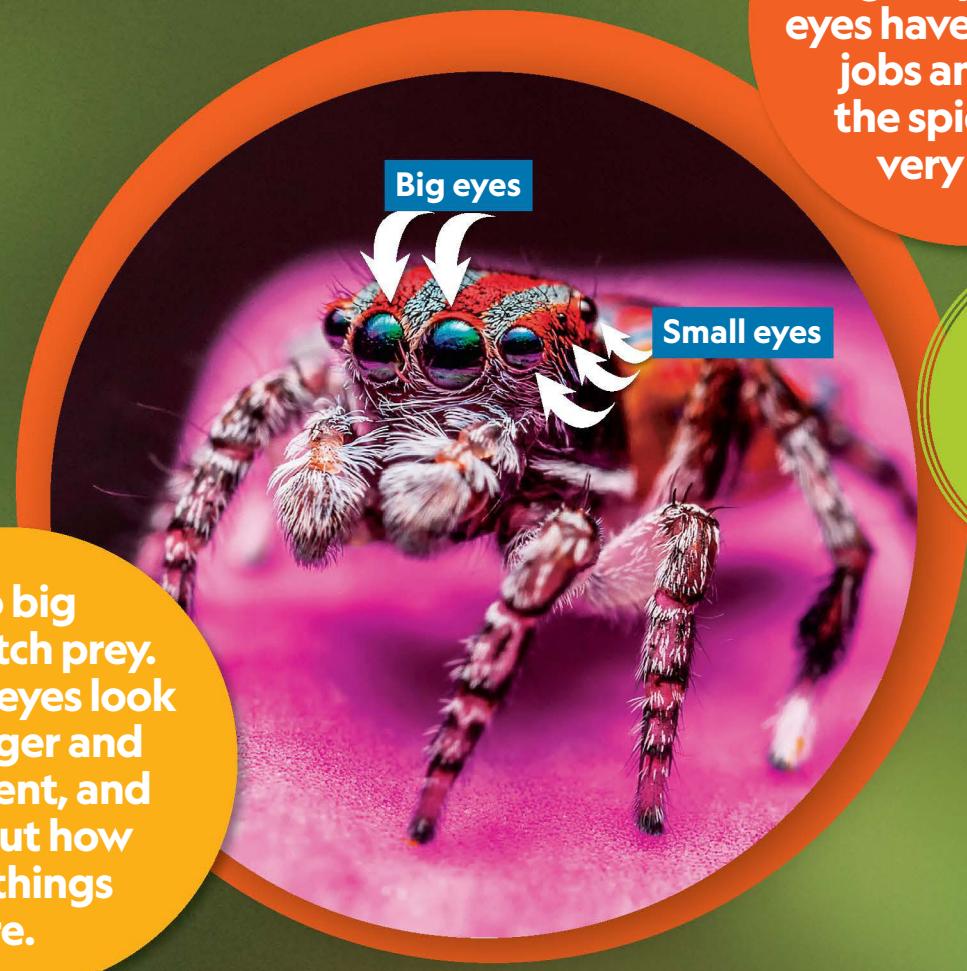

Actual size

Jumping spiders do not trap food in webs like other spiders do. They look for a crawling bug. Then they sneak close enough to jump on it!

Two big eyes watch prey. Six small eyes look for danger and movement, and work out how close things are.

All jumping spiders have eight eyes. The eyes have different jobs and help the spider see very well.

What else does a spider have eight of?

These little spiders are big jumpers. Some could leap over an open copy of this magazine to catch a bug on the other side.

Use your finger to trace the spider's jumping trail.

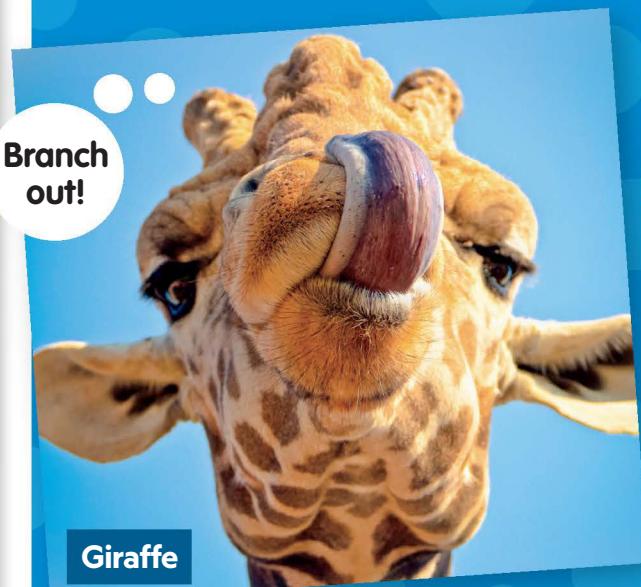

Jumping spiders make silk ropes to lower themselves down from high places.

If you could jump like this spider, you would be able to leap from one end of a football pitch to the other!

Animal Tongue

Say each tongue twister three times. Then look at each animal's tongue. Use the clues to match each tongue twister to an animal.

- 1 Bites tree, licks bees.

Giraffe

- 2 Uncurl, slurp, curl.

Blue-tongued skink

- 3 Insects stick to its sticky tongue.

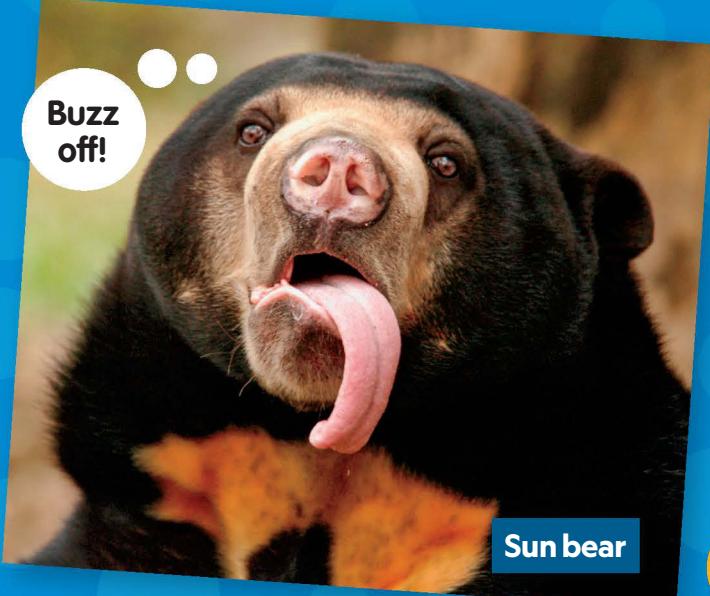

Pangolin

Stick on
another flower
for the moth
to slurp!

Twisters

4

This eater eats ants.

6

Blue flick means "Boo!"

5

Tongue tugs twigs in treetops.

SPOT THE OCELOT

An ocelot's fur is covered in spots, stripes and blobby shapes.

Its pretty pattern and colours help the ocelot hide in the forest.

Ocelots hunt on the ground and in the trees.

Each ocelot has a different fur pattern.

An ocelot
is about twice
the size of a
house cat.

Ocelots are
nocturnal. This
means they
are active at
night.

WHAT IS AVAXHOME?

AVAXHOME-

the biggest Internet portal,
providing you various content:
brand new books, trending movies,
fresh magazines, hot games,
recent software, latest music releases.

AVXLIVE.ICIU

AvaxHome - Your End Place

We have everything for all of your needs. Just open <https://avxlive.iciu>

They can run down trees headfirst, like a squirrel.

The fur helps them blend in with trees, the ground and shadows. That makes it easier for them to sneak up on food.

The fur also hides the ocelot from hungry animals when it's time for a nap. It curls up and blends in on a comfy branch.

Ocelots eat rats, mice, armadillos, monkeys and sloths.

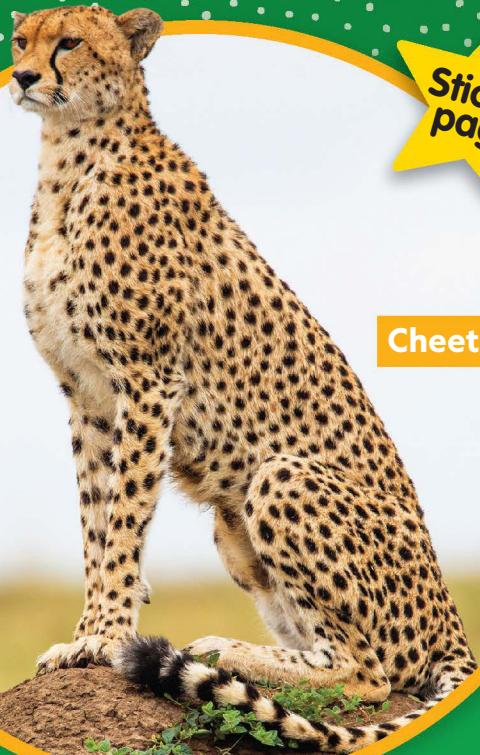

Ocelot kittens are born with spots, but their fur is grey at first.

OTHER CATS WITH SPOTS

Sticker page

There are 38 kinds of wild cats. Many have spots. Here are a few.

Black-footed cat

Other spotted wild cats are leopards and jaguars.

Fishing cat

Oncilla

Rusty
spotted
cat

Stick
another
spotty cat
here.

Inside Out

Look at each picture. Find all the pictures of animals on top of something. Then draw an X with your finger on the pictures of animals inside something.

Red panda

Racoons

Which animal is your favourite?

Prairie dog

How many animals are inside something?

How many animals are on top of something?

Red foxes

Stick another animal **on top** of something, and another **inside** something.

Pelican

Terrapin

Pika

Polar bear

An Armadillo

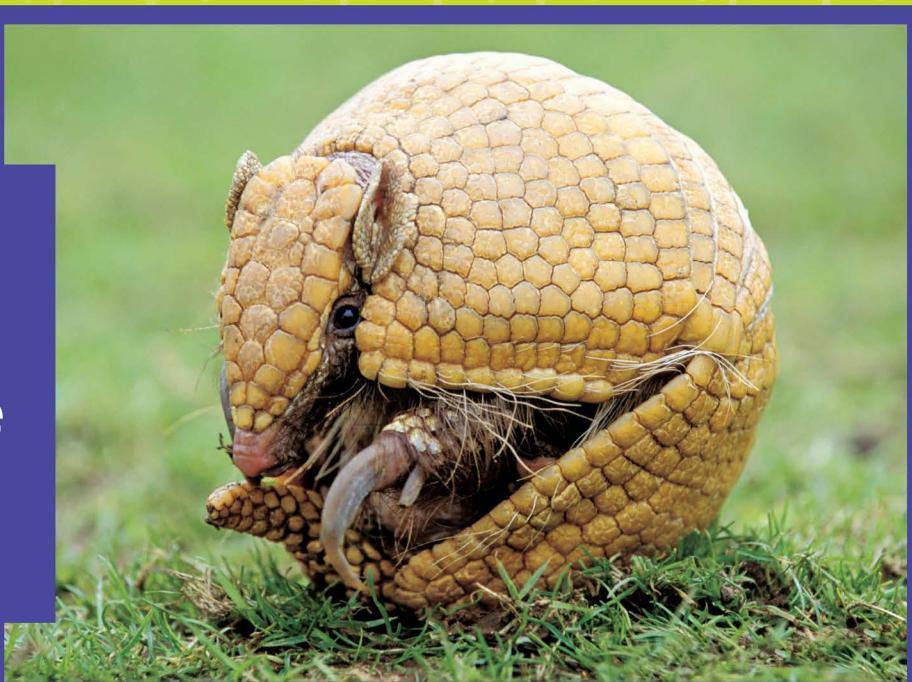

1

An armadillo hides by rolling up into a ball. Its hard shell keeps it safe.

Curl up like an armadillo!

2

Now the danger has passed. The armadillo peeks out.

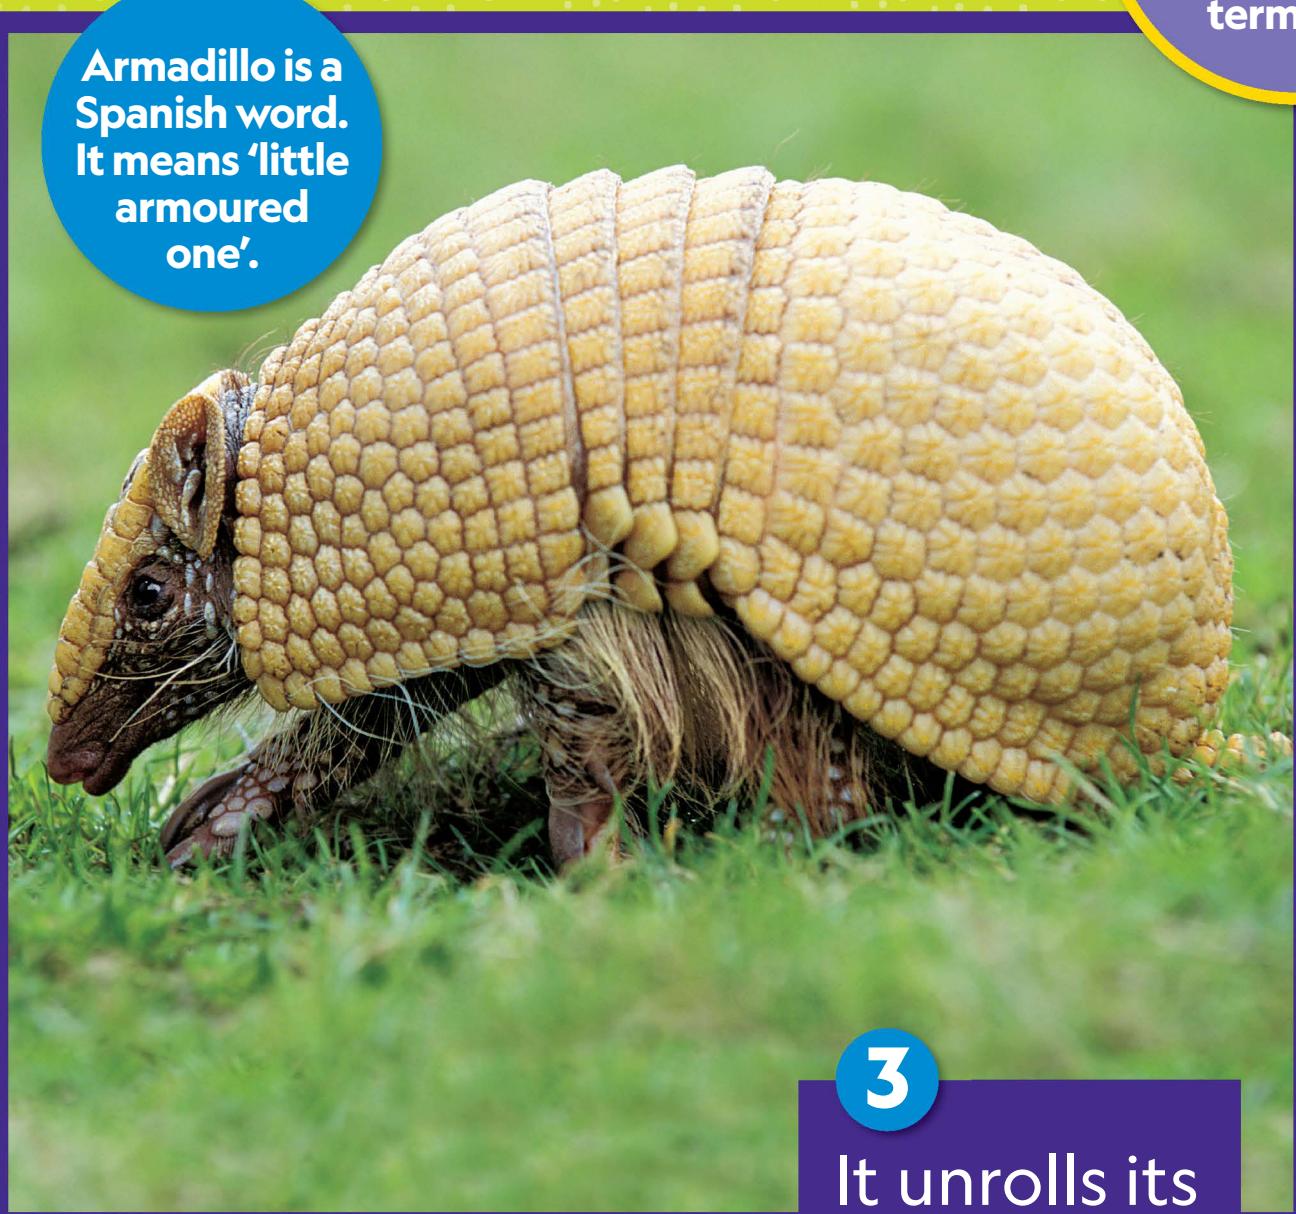

pens its Shell

Armadillo is a Spanish word. It means 'little armoured one'.

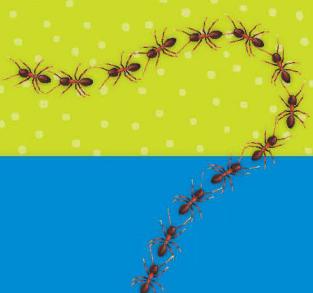

Sticker page

Armadillos mostly eat bugs! Stick one next to the tasty termites.

3

It unrolls its body and walks away.

Treasure Hunt

Pirates search for hidden gold!

Tick off these things
when you find them
in the big picture.

1 2
treasure map sea stars

1 1
telescope treasure chest

Where
would you sail
to on your
pirate ship?

What
special things
could you put
in a treasure
chest?

"Yo ho ho!"
Speak like
a pirate.

Give all
the pirates a
hat. How many
skull and cross-
bones are
there?

Stick four sea
creatures in
the picture.

Sticker
activity

How many
round portholes
can you count?
How many square
portholes can
you count?

Slow-moving Dinosaur

Minmi moved slowly. Its tough body was covered with hard armour. It even had armour that grew on its stomach.

Minmi had small, sharp teeth that it used to bite off the plants it ate.

FACTS

FOOD

Plants

SIZE

This diagram shows how big *Minmi* was.

Minmi

Five-year-old kid

Say my name: "MIN-mee"

Minmi
probably
swallowed fruits
and seeds
whole.

Armour

Minmi
lived in
Australia.

Many
plants grew
where **Minmi**
lived.

Let's visit... **SRI LANKA!**

All images © Adobe Stock.

Sri Lanka is a small island country in the Indian Ocean. It is famous for its beautiful beaches and ancient temples.

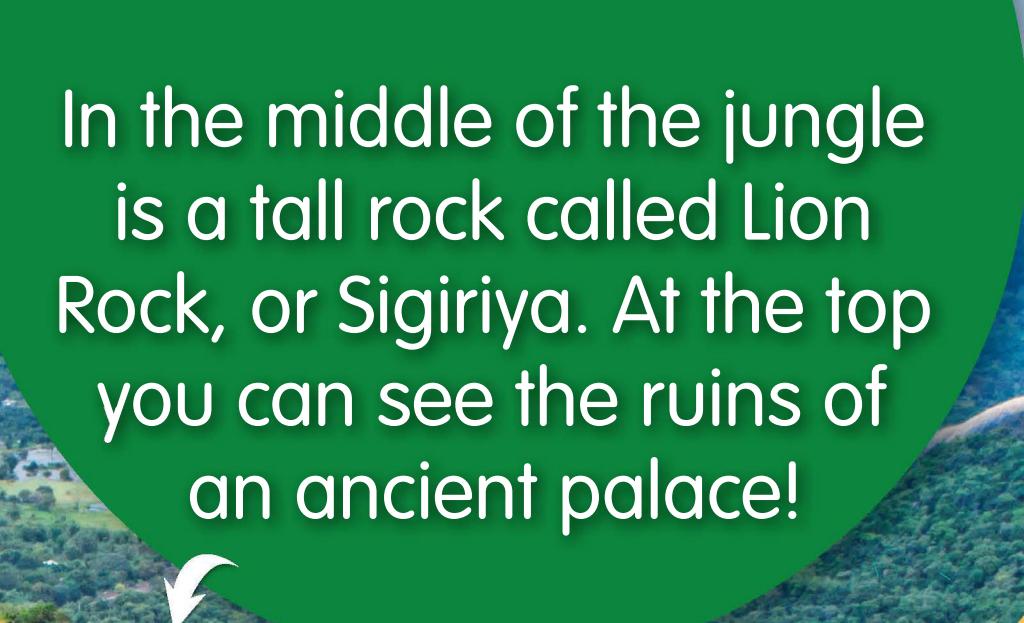

**Speak
Sinhala**

Hello in Sinhala is Ayubowan.
Can you try?

Say: "Eye-oo-bo-wan"

The two main languages spoken in Sri Lanka are Sinhala and Tamil.

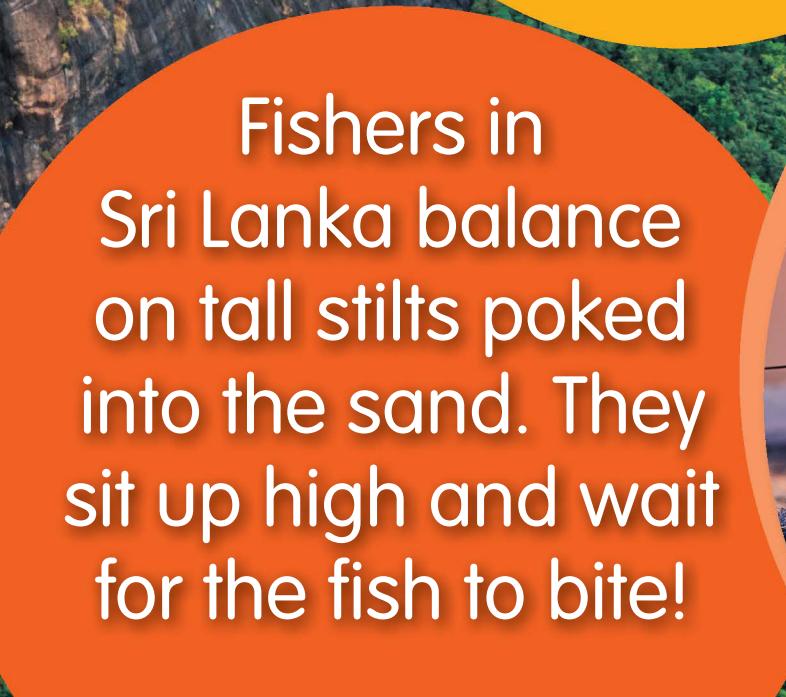

In the middle of the jungle
is a tall rock called Lion
Rock, or Sigiriya. At the top
you can see the ruins of
an ancient palace!

More leopards
live in Sri Lanka's
Yala National Park
than anywhere else
on the planet.

Fishers in
Sri Lanka balance
on tall stilts poked
into the sand. They
sit up high and wait
for the fish to bite!

Stick another
leopard
cub playing
below.

WORLD-CULTURE ACTIVITIES

To the Top

On busy days, people queue to get up the mountain. Have you ever queued for something?

Many people climb Adam's Peak at night!

Adam's Peak is a special mountain in Sri Lanka. Which number path leads to the top? Trace each one with your finger.

This mountain is also called Sri Pada.

1

2

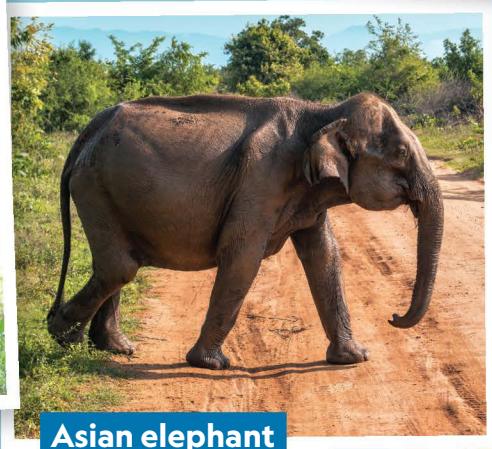

3

4

Answer: Path 3 leads to the top.

True or False?

Look carefully at these pictures of Sri Lankan animals. Then say if the statements are true or false.

1 The sloth bear has a pink nose.

True	False
<input type="checkbox"/>	<input type="checkbox"/>

2 The Asian elephant is crossing the road.

True	False
<input type="checkbox"/>	<input type="checkbox"/>

3 The slender loris is in the trees.

True	False
<input type="checkbox"/>	<input type="checkbox"/>

4 The Sri Lankan jungle fowl has green legs.

True	False
<input type="checkbox"/>	<input type="checkbox"/>

5 The grey langur has long skinny legs.

True	False
<input type="checkbox"/>	<input type="checkbox"/>

Answers: 1) False; 2) True; 3) True; 4) False; 5) True.

LITTLE KIDS

1

Which clover has four leaves?

A

C

D

E

B

2

Bee

Chicken

Cow

Can you match these animals to the things they make?

3

Are there more red apples or green apples?

BIG QUIZ!

4

Which
of these
birds can
fly?

5

What is
a baby
kangaroo
called?

Foal

Joey

Kitten

Calf

Chick

Bunny

6

Name
these foods.
Which one
is not a
vegetable?

Answers: 1) D; 2) Bees make honey, cows make milk and chickens make eggs; 3) There are more red apples; 4) The parrot can fly; 5) A baby kangaroo is called a joey; 6) Red onions, carrots, potatoes and broccoli are all vegetables. Lemon is not a vegetable, it is a fruit.

Two, Four, Six,

Count the number of objects in each picture out loud, then follow these instructions.

When you find a group of **two**,
tap the group **twice**.

When you find a group of **four**,
wiggle **four fingers**.

When you find a group of **six**,
draw the number **six**.

When you find a group of **eight**,
clap **eight times**.

Sticker activity

Stick
the correct
colour labels
on these
crayons!

Toy bricks

Eight!
